

Community Marketplace

The HealthcareSource Community™ Marketplace provides community members with discounts and special offers on select products and services for healthcare human resources professionals. HealthcareSource Community, which is now one of the largest online communities of healthcare HR professionals, is available exclusively to HealthcareSource customers. Marketplace leverages the joint buying power of over 1,000 hospitals and nearly 10,000 Healthcare HR users with access to HealthcareSource Community.

Only HealthcareSource Community™ members have access to Marketplace. You can access Community through the link in the upper right corner of Position Manager® or Performance Manager®.

HealthcareSource Community™ is a free online community of Healthcare HR professionals that use Position Manager® or Performance Manager®. It is focused on the everyday questions and issues that Healthcare HR professionals want to ask of each other. The community helps you do your job. Discuss real world issues through online forums. Ask questions. Seek advice. Share experience and wisdom. Find peers with similar issues and interests. Build your network.

Discussion Areas - Online forums where members post questions or opinions and others respond. It's as easy as writing an email. Forums are filled with "how to" ideas on everything from general HR issues to HealthcareSource product questions.

Surveys - Learn what your peers think by posting a survey and viewing the results.

Connect through profiles - Find members by job function, geography or key words. Collaborate directly with people similar to you.

Documents - Post or find documents, such as job descriptions, learning content, policy examples, and more.

Connect through private messaging - Send and receive private email messages with other members.
