

A great place to work for .NET developers

There are three reasons HealthcareSource is a great place for talented .NET developers to work. First, our work environment – advanced technical infrastructure, new office building, good compensation. Second, our purpose – we create software that helps hospitals deliver quality patient care. Third, our culture – agile, easy, honest, with supportive management. Speak with us today on why HealthcareSource, the leader in Talent Management software-as-a-service solutions for Healthcare, is a great place for your career.

Our Work Environment

We give you the tools you need to do your job right. i7 core machines with 8 GB ram, dual monitors, the latest version of .NET framework, Visual Studio Team Edition, Telerik Control Suite, Team Foundation Server for source control, Resharper, Codesmith, LinqPad and more. We are committed to investing in the tools that professionals need to do their job well.

We provide a nice working environment. HealthcareSource is located at 128 TradeCenter in Woburn, MA, in brand new class-A office space. Amenities include restaurants, shopping, covered parking and more. We have an open office layout with lots of windows and quality works spaces. Free soda and coffee. And we let you unwind with an Xbox, Wii, and Playstation on a 60 inch flatscreen in our break room.

Since talent management is our business, we understand that great talent is worth paying for. We provide competitive benefits and compensation, excellent budget for training and conferences, and opportunities for stock options.

Our Purpose

Quality Talent, Quality Care. Its more than just a tagline, its our purpose. 100,000 people die in The United States each year because of preventable medical errors. Healthcare providers can avoid these tragedies by hiring, developing, and retaining the best possible talent. And that is what we do. We develop software that help hospitals find the best people, develop and train them, and keep them. Which results in a talented workforce. Which results in better patient care. Which saves lives and lowers healthcare costs.

Be part of a company that is doing more than just creating software, but is creating a purpose.

Our Culture

HealthcareSource is financially strong, profitable, growing with happy customers and a strong recurring revenue base and private equity ownership. As a result, there is no pressure to make poor technical decisions based on short term needs. We invest in the long term and do things right.

We have a very open, honest, collaborative culture with few politics. Because we are highly committed to the Scrum development process, we move quick, reward independent thinking and creativity. While push each other to develop great software, quickly, and as low cost as possible — we let the teams decide how to achieve this. It makes for a great culture, especially for motivated, talented technical professionals.

Located at Routes 128 and 93

About HealthcareSource

With more than 1,000 hospital customers, HealthcareSource is the leader in talent management for the healthcare industry. Through its software-as-a-service solutions, HealthcareSource helps hospitals acquire, develop, and retain the best workforce possible in order to maximize the quality and efficiency of patient care. The company's talent management solutions include performance management, onboarding, applicant tracking, and a leading healthcare job board. A private corporation, HealthcareSource focuses exclusively on the healthcare industry and consistently earns high marks for client satisfaction and retention.
