More than 5,500 courses and 2,800 hours of pre-approved continuing education to help you achieve your education and training goals.
Providing employees with necessary and engaging education opportunities is a challenge—especially when faced with busy work schedules. The sheer complexity of aligning education goals with compliance requirements, employee performance improvement, professional development requests, and licensure and certification tasks can quickly become overwhelming. The HealthcareSource eLearning Library will help you align your complex education goals with courseware to meet the challenge.

The HealthcareSource eLearning Library offers the necessary online resources to support compliance, help employees maintain critical skills and develop new ones, as well as acquire and maintain certification and licensure. With the eLearning Library, employee education is easily accessible, up to date, and engaging—which means employees are more likely to successfully complete their education requirements accurately and on-time.

What the eLearning Library can do for you:

- Facilitate more professional development opportunities for top performers
- Drive paperless employee education process
- Reduce the need for in-house created courses
- Improve the process for relicensure and certification renewal
- Simplify course delivery by relying on a single vendor
- Ensure employees have the most up to date education for compliance
- Increase the likelihood of employees fulfilling education requirements on-time

Why HealthcareSource is the most qualified provider for your healthcare education and compliance needs:

HealthcareSource is the leader in talent management solutions for healthcare. With more than 2,300 healthcare organizations as clients, we focus exclusively on the healthcare industry so we understand your unique needs and challenges. Along with industry-leading software, services and support, the HealthcareSource eLearning Library offers more than 5,500 gold-standard eLearning courses that will meet a variety of education needs for your organization.
As a provider of premier healthcare educational content and learning management, HealthcareSource partners with many of the industry’s leading content developers. This ensures that we offer the most up-to-date courses that support your objectives for quality of care.

Ready to learn more?

We’re confident our eLearning Library will help you deliver the healthcare specific education that your organization needs. Courses may be delivered via the HealthcareSource NetLearning™ Learning Management System (LMS) or on the LMS of your choice.

Email solutions@healthcaresource.com or visit www.healthcaresource.com and we can provide you with course details, pricing or a demonstration so you have the information you need to make a purchasing decision.
Invaluable education and training you can’t get anywhere else:

- Peer-to-Peer sessions
- Product training sessions
- Focus group sessions
- Keynote sessions

Network with more than 350 of your learning, development, and talent management peers.

Visit [www.talentsymposium.com](http://www.talentsymposium.com) for registration details, speakers, and agenda updates.

Sending a group?
Take advantage of our Buy Two, Get One program. Register two attendees and the third is free!

Advanced Architecting on Amazon Web Services: Cloud Migration and Architecture
Advanced Architecting on Amazon Web Services: Costing
Advanced Architecting on Amazon Web Services: Data Storage Architecture
Advanced Architecting on Amazon Web Services: Deployment Management
Advanced Architecting on Amazon Web Services: HA and Business Continuity
Advanced Architecting on Amazon Web Services: Scalability and Elasticity
Advanced Architecting on Amazon Web Services: Security Architecture
Advanced Entity Framework
Advanced Features of JavaScript, CSS3 and HTML5
Advanced Features of Selenium Automated Web Testing
Advanced Git
Advanced HTML5
Advanced JsRender Features
Advanced Knockout Techniques
Advanced Options, Responsive Web Design, and Management with CSS3
Advanced PowerShell Desired State Configuration: Writing Custom Resources
Advanced Python
Advanced Querying in Java Hibernate
Advanced Rails
Advanced Ruby Features
Advanced Scrum: Addressing Sprint Execution Challenges
Advanced Scrum: Developing the Product and Sprint Backlogs
Advanced Scrum: Integrating and Customizing Scrum
Advanced Topics 1
Advanced Topics 2
Advanced Windows Store Apps with C# in Visual Studio 2013: Data Management
Advanced Windows Store Apps with C# in Visual Studio 2013: Media and Devices

Advanced Windows Store Apps with C# in Visual Studio 2013: Security & Optimizing

Advanced Windows Store Apps with C# in Visual Studio 2013: Testing & Deployment

Advanced Windows Store Apps with C# in Visual Studio 2013: The UI, Printing, WNS

Agile Planning

Agile Principles, Methodologies, and Mindset

Agile Programming and Testing

Agile Software Testing: Methodologies and Testing Approaches

Agile Software Testing: Techniques and Tools

Ajax API Essentials

Ajax Applications and Server Communication

Ajax Basics

Ajax: Requesting Data and Retrieving Responses

An Overview of Apache Cassandra

Android Architecture, Protection, and Development Best Practices

Android Lollipop New Features For Developers

Android OS

Android Security Vulnerabilities, Testing, and Enterprise Considerations

Android User Interface Elements

AngularJS Controllers and Directives

AngularJS Security Considerations

AngularJS and TypeScript

AngularUI Companion Frameworks

AngularUI Utilities and Modules

Animation and Internationalization

Apache HBase Fundamentals: Access Data through the Shell and Client API

Apache HBase Fundamentals: Advanced API, Administration, and MapReduce

Apache HBase Fundamentals: Installation, Architecture, and Data Modeling

Apache Hadoop

Apache Kafka Development

Apache Kafka Operations

Apache Web Services Advanced

Application Access and Delivery in Microsoft Windows Server 2008

Application Design and Security in SharePoint 2010

Application Skills in Microsoft Dynamics CRM 2013

Applications of Python

Architecting on Amazon Web Services: Databases and Application Services

Architecting on Amazon Web Services: Elastic Compute Cloud (EC2) Auto Scaling

Architecting on Amazon Web Services: Elastic Compute Cloud (EC2) Overview

Architecting on Amazon Web Services: IAM and Object Storage

Architecting on Amazon Web Services: Networking and Best Practice

Architecture N-Tier/REST: Designing and Building Applications

Asynchronous Programming with Clojure’s core.async Library

Authentication, Authorization, and App Deployment

Azure, Node.js, and SQL Server

Backing up, Restoring, and Troubleshooting Essentials 2010

Basic Coding with Adobe Dreamweaver CC 2015

Basic Programming in Force.com

Basic SCCM Maintenance and Managing Operating System Deployment

Beginner Git

Beginning AngularJS

Beginning Object-Oriented Design

Beginning Windows Applications

Big Data - The Legal Perspective

Big Data Corporate Leadership Perspective

Big Data Engineering Perspectives

Big Data Marketing Perspective

Big Data Opportunities and Challenges

Big Data Strategic Planning

Black-Box Software Testing Techniques

Booting Linux and Installing Applications from Source

Bootstrap Elements

Bootstrap Introduction

Branch Office and Datacenter Design

Building a Modular Network Design

Business Analysis and Requirements Life Cycle Management

Business Intelligence with QlikView

C++11: Advanced Techniques and C++14 Preview
C++11: Programming Fundamentals
C++11: Programming Techniques
C++11: Programming with Boost
CICD 1.0: Characteristics of Cisco Unified Communications Solutions
CICD 1.0: Cisco UCM Call Detail Records and Reporting and Monitoring Tools
CICD 1.0: Cisco UCM End-user Interfaces and Call Flows and Call Legs
CICD 1.0: Cisco UCM and Cisco UCM Express End-users
CICD 1.0: Cisco UCM and Cisco UCM Express Endpoint Implementation Options

**About HealthcareSource**

With more than 3,000 healthcare clients, HealthcareSource is the leading provider of talent management solutions for the healthcare industry. The HealthcareSource Quality Talent Suite™ helps healthcare organizations build a Patient-Centered Workforce™ by selecting, aligning, continuously developing, and retaining highly-engaged people. The company’s cloud-based platform of software, content, services and analytics includes applicant tracking, reference checking, behavioral and skills-based competency assessments, compensation analysis, performance and learning management, eLearning courseware, education and advisory services. A private company focused exclusively on the healthcare industry, HealthcareSource consistently earns high marks for client satisfaction and retention. HealthcareSource has been regularly ranked as a leader by KLAS Research for Talent Management, in addition to recognition in Healthcare Informatics 100, Modern Healthcare’s “Healthcare’s Hottest,” Inc. 500/5000, Deloitte Technology Fast 500, and Becker’s “150 Great Places to Work in Healthcare” list.
Improve your organization’s leadership development programs with eLearning!

Three unique packages to tackle the biggest challenges healthcare organizations face:

• Developing Future Leaders
• Professional Development for Leaders
• Business and Communication Skills

Use on their own or combine with your existing management training sessions to provide a more robust training program for employees and stronger leaders for your organization!

To learn how others have improved their leadership with eLearning email solutions@healthcaresource.com.

Do you want

• Updated education from a trustworthy source?
• An easier way to ensure compliance?
• Reduced education costs?
• Improved outcomes?

Consider eLearning for your critical care education

Course collections to help with:

• Onboarding and orientation
• Stroke care and designation
• Compliance
• Professional development

Email solutions@healthcaresource.com to learn how organizations like yours use blended learning to strengthen their critical care departments.
